WIFE FATALLY SHOOTS HUSBAND

MRS. ANDREW GILBERT KILLS
HER HUSBAND ON DORRSTEP
OF THEIR HOME.

Man Wanted Reconciliation—Tragedy
Follows His Home
Coming.

Oklahoma City, March 24.—Following a hand to hand scuffle in the kitchen of their home at 326 West Sixth street, Mrs. Agnes Gilbert, after throwing her crippled husband, Andrew Gilbert from the back porch, shot and killed him early Wednesday night.

Gilbert is a painter and paper-hanger and for many years has been paralyzed in his left leg, and owing to a weak constitution has been unable to attend to work with regularity. Six weeks ago he separated from his wife on account of constant bickerings, and on Wednesday night, according to stories told by his friends, called at his home in the hope of effecting a reconciliation with Mrs. Gilbert.

Neighbors saw the man enter the kitchen where Mrs. Gilbert was busy with her wash tub. He closed the screen door and sat down on a bed. Soon voices were heard as if the pair was quarreling and Mrs. Gilbert was seen to throw her husband from the house and from the back porch into the yard.

The woman hurled a pair of shears after Gilbert and these struck him in the face. Gilbert raised himself to his feet and started to re-enter the house but no sooner had he set his foot on the steps of the porch that Mrs. Gilbert emerged from the kitchen with a revolver in her hand. She fired twice, point blank in quick succession, the first shot taking effect in the base of Gilbert's neck, severing his jugular vein and knocking

him down, while the second shot apparently went wild.

Going back into the house Mrs. Gilbert laid her pistol on a table and coolly returned and assisted Thomas Downey, a painter, who lived in the front part of the house and who was attracted to the scene by the shooting, to carry the dying man into the dwelling and place him on a bed.

Mrs. Gilbert made no effort to escape and conducted herself as if in a semi-stupor.

"I killed him, I killed him," she moaned as she bent over the prostrate body. "He drove me to it, he drove me to it."

When the police arrived a few minutes later Gilbert was almost dead. He was carried to the front porch and laid on a blanket. The fresh air revived him to some extent.

"She killed me," he gasped, as he propped himself on his hands, and looked up into the face of his wife, who was on her knees beside him. "I guess that I shouldn't have come here."

The man fell backward and after a few convulsive movements all was over. A large crowd had collected in the yard, attracted by the sound of the shooting and the sight of the speeding police buggy and pressed morbidly forward to watch the death throes of the dying man. Reed & Mullers' ambulance arrived at this time, but before Gilbert was lifted into the stretcher he was dead. The ambulance took the body to the city dispensary and from there to the Reed & Muller undertaking parlors where it was viewed by Coroner Zwick, who announced his intention of holding an inquest on Thursday.

Elliott of the Colorado Southern, New Orleans & Pacific Railroad, left here last night for Houston, where he will attend a meeting of the stockholders of the St. Louis, Brownsville & Mexico railroad, which will consider changing the name of the latter road to New Orleans, Texas & Mexico and discuss proposed improvements.

Compromise Offered.

San Antonio, Tex., March 24.—An effort to compromise with striking leatherworkers was made by employers today who offered to give them a nine-hour work day at the same wage scale as under the ten hour day.

The men want an eight-hour day with a fifteen per cent increase in piece work. They are still out.

A SUFFRAGETTE MISTAKE.

One serious error seems to be the
fault of the equal rights movement in
all parts of this country and abroad
—it directs its activity toward at-
tacking men, instead of to winning
women.

Men are not opposed to votes for
women. Bless you no. Any time the
American woman really desires to
vote she will find no difficulty in se-
curing her desire.

The real work of suffragettes is
not to persuade men, but to per-
suade their own sex. Once they ac-
complish that, their task is practi-
cally ended, because anything like
a general demand for votes by Amer-
ican women will bring immediate ac-
quiescence from the lawmakers of
every state in the union.

NO TARIFF WAR.

Canada and the United States Will
Reach an Agreement.

Ottawa, Ont., March 24.—While no
official statement is available on the
tariff situation, the return of Minis-
ter Fielding from his conference with
President Taft has been followed by a
complete change of feeling here.

A member of the government said
after Mr. Fielding had made his re-
port to the Cabinet:

"Affairs have not reach a point
which will allow an announcement
but most favorable progress is being
made. I believe that Canada and the
United States will shortly be
working under better mutual tariff
regulations than for many years and
I will be surprised and pleased when
the announcement is made. One thing
is certain, and that is there will be
no tariff war."

SECY. CHAS. BARNETT
TO SENATOR GORE

Text of Resolution Accepting Land
Sent to Washington.

Guthrie, Ok., March 24.—Secretary
Barrett of the Department of Agri-
culture has forwarded to Senator
Gore copies of the concurrent reso-
lution passed during the special leg-
islative session, formally accepting
for the state 210,000 acres of land
believed to be due Oklahoma under
an old statute. The law, enacted in
the sixties, gave to each state upon
entering the union 30,000 acres of
land for each member of congress,
or in lieu thereof land warrants to
the value of \$1.25 per acre. It was
necessary for the state to officially
accept the grant, which was done
by resolution. The general land of-
fice in Washington, however, is not
inclined to view the additional grant
with favor. In his letter to Senator
Gore, Secretary Barrett says:

"We do not consider the attitude of
the general land office toward the
allowance of this claim as a hostile
one. They admit the justice and the
legality of the same by communica-
tions which you have kindly for-
warded to us, and their observations
that the state has already received
donations of public land are true, but
those lands were received in lieu
of other grants which would have
made a total of millions of dollars
in excess of the value of the lands
garnted in lieu of them."

TO KILL MOTORISTS HER AIM.

A Bavarian Woman Will Avenge the
Death of Her Child.

Munich, Bavaria, March 24.—Mot-
orists here are in dread of a woman
who has written a letter to the head
of the police department declaring
that she has already caused the death
of five persons in a motor car in re-
venge for the killing of her child by
a reckless motor driver. The letter
of the woman, which is unsigned,
says in part:

"God has appointed me to destroy
every motorist and automobile until
special auto roads are built and all
danger to children and pedestrians is
removed.

"I killed Apollo Geiger, the Ar-
gentina Consul, and the four others
who were in his automobile last week
by felling a tree across the road.

"I am the avenger of three chil-
dren, including my own, who have
been killed by autos in Munich. I
had intended to commit suicide, but
God sent me a dream telling me I
must not die until I had fulfilled my
holy mission.

"These motorists seem to under-
stand nothing of the feelings of a
mother who has seen her child killed
by a murderous lunatic before her
very eyes. God has sent me to teach
them her feelings.

"I say my last word: Either build
special roads for autos or command
all motorists to slow down when
passing pedestrians and to stop
when another auto is passing. I shall
continue to destroy all these racing
vermin until my demand is carried
out. My child was all I had. I am
alone in the world now. I shall ful-
fill my mission."

Consul Geiger's motor car was
speeding on a road in the valley of
the Isar last Saturday night. The car
crashed into a tree that had been
felled deliberately across the road and
he and his four friends were killed.

WIFE AND FATHER FACE JURY.

Watska, Ill., March 24.—After
eight days of delays, during which
some 242 talesmen were rejected, a
jury was completed today to try Dr.
William R. Miller, Mrs. Lucy Saylor
and John C. Crunden, charged with
the murder of banker John B. Saylor,
at Crescent City, July 11, 1909.

State's Attorney John P. Pallissard
opened for the prosecution, told the
story of the killing and asked the
death penalty for the defendants. The
presentation of evidence was then
begun. It will probably be two weeks
before a verdict is reached. Grunden
is an Oklahoma City man, and
father of Mrs. Saylor.

SAW THE HALLEY COMET.

Michigan Man Lives to See It a Sec-
ond Time.

Saginaw, Mich., March 24.—Seven-
ty-five years ago W. S. H. Welton,
now 90, watched from the hill top
in the outskirts of Owosso for the
Halley comet. With him were a num-
ber of friends and relatives. They
have passed away and Welton has not
seen the comet since.

But if Providence is kind Welton
will witness a similar phenomenon on
May 19. He now is organizing a party
to go to the same hill with him
and see the comet scheduled for that
date.

Welton is as well as when he saw
the first one. His eyesight is good
and he does not require glasses.

HASKELL CARBUNKLES WEST
AND TAYLOR CONFERENCE

Attorney General and State Examiner
Have a Meeting.

Guthrie, Ok., March 24.—A con-
ference was held today between At-
torney General West and State Ex-
aminer and Inspector Taylor, and
while neither of the officials will dis-
cuss the meeting, it is understood
to have been in regard to the re-
fusal of State Bank Commissioner
Young to permit an examination of
affairs of the State Banking Board
which he holds.

The commissioner's refusal is based
upon an opinion rendered by W.
A. Ledbetter of Oklahoma City, attor-
ney for the state banking board, to
the effect that the records were not
the property of the state, but of the
banks contributing to the state guar-
anty fund. It has been Examiner
Taylor's desire in connection with
the affairs of the state banking board
to examine matters attending liqui-
dation of the late Columbia Bank and
Trust Company.

It is also understood that a letter
had been sent to Gov. Haskell for a
statement whether investigation of
the Banking board will be permitted
as the state examiner desires or not.

CHINESE ATHLETES.

Two Young Chinamen at Yale Make
Good.

New Haven, Conn., March 24.—Mun
Ying Chun of Honolulu is a prom-
ising candidate for the Yale freshman
baseball team. The Chinaman has
surprised the coaches with his abil-
ity to handle the bat. He has no
apparent difficulty in hitting the best
pitchers in the squad and his hits
are generally hot liners which look
like the work of an expert.

Daniel M. Chung is another athletic
candidate at Yale. He is one of the
best coxswains on the freshman
crew. His father, a member of the
Chinese legation at Washington, was
in the class of '88 at Yale.

SIXTEEN SONS IN THE WAR.

Mrs. Sarah Brandon, Aged 109, is En-
titled to the Record.

Moundsville, W. Va., March 24.—
Mrs. Sarah Brandon, aged 109, of this
city holds the United States record
as the mother of the largest number
of Civil War soldiers.

No less than sixteen of her boys
served in the battles of that war
fourteen on the Union side and two
with the Confederates, while her
total family was twenty-three.

Her twenty-three children are also
the parents of large families. The
oldest, Hiram, is 89 years old, while
the youngest, Evan Brandon, is 72
years old and works in a coal mine.

rise, Donaghey, Normal Heights,

cording to plans and specifications

ANOTHER WONDER OF SCIENCE.

Biology has Proved that Dandruff is
Caused by a Germ.

Science is doing wonders these days in
medicine as well as in mechanics. Since
Adam lived, the human race has been
troubled with dandruff, for which no hair
preparation has heretofore proved a suc-
cessful cure until Newbro's Herpicide was
put on the market. It is a scientific prepa-
ration that kills the germ that makes
dandruff or seurf by digging into the
scalp to get at the root of the hair, where
it saps the vitality, causing itching scalp,
falling hair, and finally baldness. With-
out dandruff hair must grow luxuriantly.
It is the only destroyer of dandruff.

VICTORY OMNIOUS
SAYS CHAMP CLARK

Democratic Leader of the House
Calls Massachusetts Result Most
Important Since 1892.

Washington, March 24.—Discussing
the Massachusetts congressional elec-
tion yesterday, in which Foss, a dem-
ocrat, was elected to succeed the late
Representative Lovering, republican,
Champ Clark, democratic leader of
the house, said today:

"The news from Massachusetts is
most pleasing, and is the most im-
portant political news that has come
over the wires since 1892. Taken in
connection with the election in the
old district of De Armond, in Mis-
souri, it demonstrates the same
causes working to the same effect
all over the United States. It shows
dissatisfaction with republican pol-
icies, a republican congress, and,
most of all, with the Payne-Aldrich
tariff law."

Republicans generally maintained
the same attitude announced last
night, that the Massachusetts election
is of no importance.

Representative Palmer in Eruption.

Washington, March 24.—Referring
to President Taft as a "Rather Pliant
Executive" and characterizing for-
mer President Roosevelt as the "Great-
est insurgent of them all, who taught
insurgency how to insurg," Repre-
sentative Palmer, Democrat, of Penn-
sylvania, attacked the administration
from the floor of the house today.

Lucy Davis Hays Sponsor.

Mobile, Ala., March 24.—Comm-
ander-in-Chief Evans has named Miss
Lucy Davis Hayes sponsor-in-chief
for the United Confederate Veterans'
reunion to be held here in April.

Miss Hayes is the second daugh-
ter of the late Mrs. Hayes, daughter
of the only President of the Confed-
eracy, Jefferson Davis.

Cause of Eczema Explained.

After years of debate medical au-
thorities are now agreed that Eczema
and other skin diseases are not seated
in the blood, but are caused by
myriads of microscopic animals
gnawing the flesh just below the
epidermis. The patient is perfectly
healthy, it is only the skin that is
diseased.

Hence, scientists are now agreed
that you must cure the skin through
the skin. The medicine must be in
liquid form in order to penetrate
properly. And we can say with con-
fidence that we have the true rem-
edy for Eczema in our store.

The instant you wash with this
soothing liquid you will find the itch
relieved. We positively assure you
of this. Will you try a bottle (at
only 25c) on our recommendation?

NEXT WEEK'S ATTRACTIONS

Margaret Marr, Chas. Mortimer and A. R. Ableman comprise the company who will "talk the pictures" at the De Sota next Monday, Tuesday and Wednesday. These fumes are well known to the amusement loving public and stand for the best in comedy and drama. Talking pictures are the fad everywhere now, and this company was the original and are the leaders in the line. Their work bears the distinguished endorsement of the great wizard, Thos. A. Edison, of the Motion Pictures Patents Co. (who sends them the scenario of each subject as fast as released, thus insuring a correct rendition of the picture presented)—ex-President Roosevelt, Layman Howe, O. T. Crawford, Oscar Dane and others. They carry a complete line of sound effects, curtains and every detail to secure realism, and every subject "talked" is clean, censored, and the most exacting need not fear coarseness or vulgarity. The company plays to crowded houses everywhere and as usual prices prevail. Manager Harrigan anticipates one of the biggest engagements of the season.

CHEROKEES TO GET FOUR MILLION CASH

NATION LEADER AN BRILLIANT
ATTORNEY, W. W. HASTINGS
SECURES FOR HIS TRIBES—
MEN \$133 PER CAPITA.

Checks Being Drawn in Washington;
A God Send to Full-Bloods of
this Splendid Race.

Muskogee, Okla., March 24.—W. W. Hastings, national attorney for the Cherokee nation, has issued a statement concerning the payment of over four million dollars to the eastern Cherokees, which contains the following information.

There will be a total of \$4,100,000 to be disbursed. It will be paid to 30,827 Cherokees, making a per capita of \$133, which is the largest payment the Cherokee people have received from many years. The payment will begin the early part of May. It will be made by Galen Miller the special agent who has traveled over fifteen states gathering data to perfect the roll. It took over three years to make the roll, and there are Cherokees entitled to the payment living in all of the fifteen states which Miller visited. The checks are now being written in the treasury department at Washington, the names of the Indians who get the checks being taken from the Miller roll. These checks will be brought to Oklahoma. From Muskogee field parties will be sent out to various towns in the Cherokee nation where payments will be made to all the Indians who apply and are on the roll. This work will be directed from Muskogee, and the itinerary of the disbursing party will be made here. All admit Indians must call for their checks in person at some of the pay towns, or else call for them at Muskogee after the paying party has returned. The head of a family, the parent or natural guardian, will be allowed to draw the checks for minor children.

The distribution of over four million dollars in the Cherokee nation this spring will be a God-send to the Indians and it will stimulate business all over the nation, especially in those sections where the Indians live. The average family of five persons will draw a total of \$665 in cash, and this will be more money than a majority of the full-blood families ever saw.

This money is the payment of a promise of the government made in 1836 to those Indians who moved from Georgia to what was then Indian Territory. The government agreed to pay the expenses of moving them.

THEY ARE "THE PARTY."

The Sioux City (Iowa)—Journal (rep.) says: "The insurgent Washington correspondents tell us that the president has finally lined up with Aldrich and Cannon." That is misleading. He has simply stayed lined up with the party majority—with the party organization that has all along accepted his leadership and defended the record of the party. The only recent change in the situation is the disclosure that the insurgents—or some of them—have definitely decided not to co-operate with the party majority in securing the adoption of a single item of the administration program. Will the Taft leadership mean opposition to the insurgents? It will—inevitably—not because Taft so will it or the organization so will it, but because the insurgents so will it."

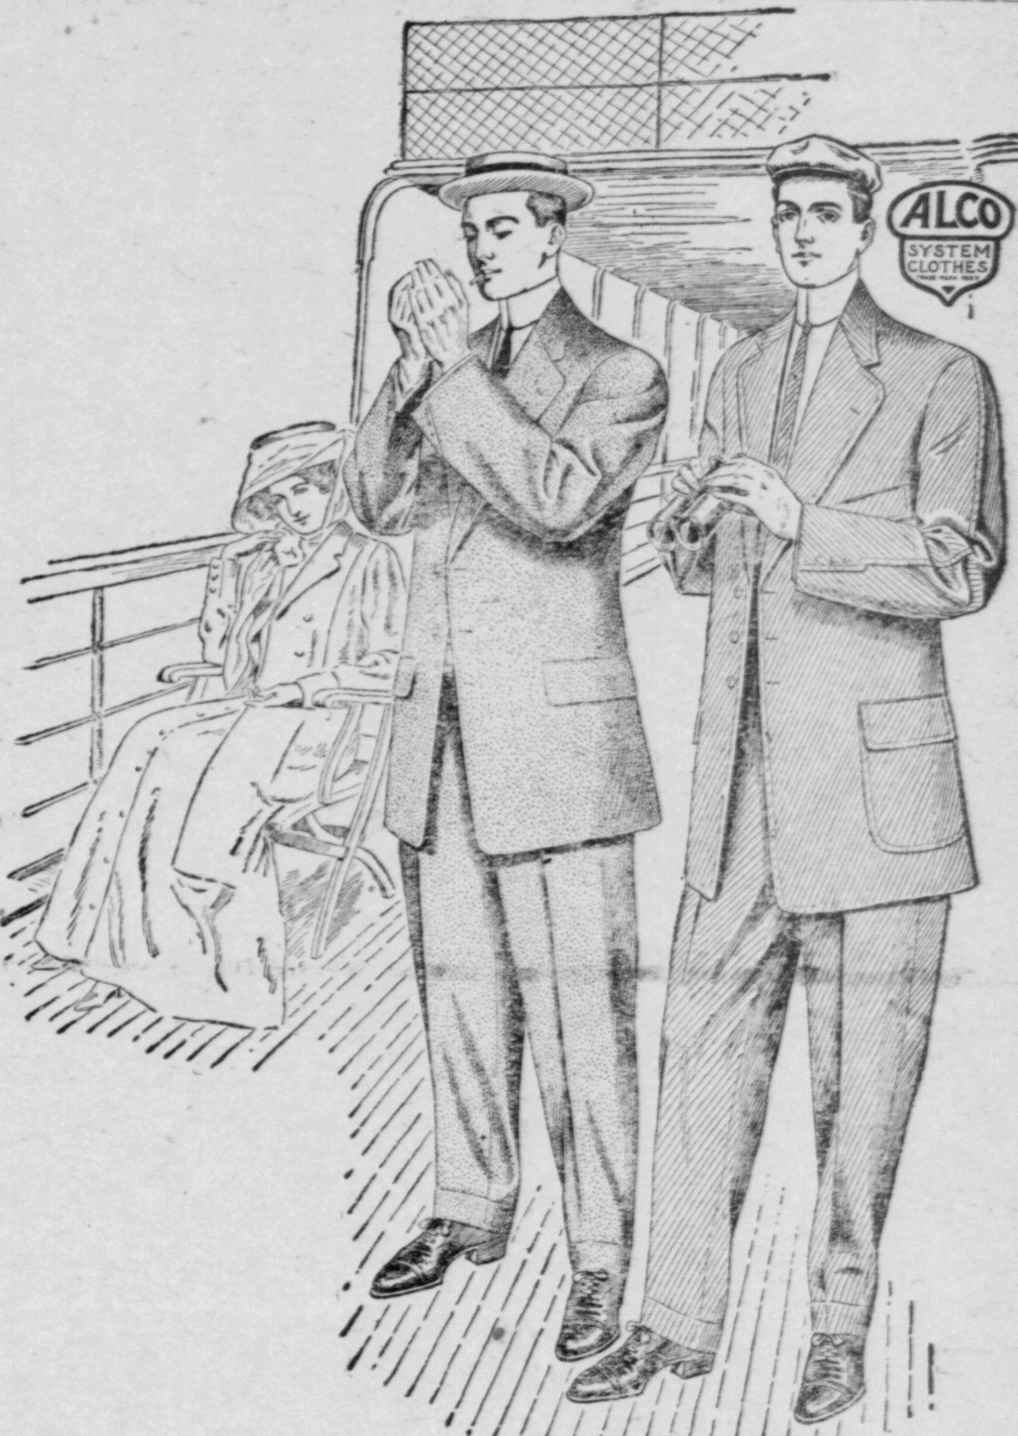

The Sioux City Journal knows whereof it speaks. Mr. Taft is simply "staying with the party" when he lines up with Aldrich and Cannon. Aldrichism, Cannonism or Taftism is

republican partyism. Those republicans who are in earnest and are anxious to accomplish something for popular government will do well to recognize the synonymism. Taftism. They will do well to understand that they are engaged in child's play when they denounce Aldrichism and Cannonism while professing undying devotion to Taftism.

INTERRUPTS HIS OWN FUNERAL.

Avalanche Victim, Identified by Lodge Brethren, Appears in Flesh.

Seattle, Wash., March 24.—Joseph Benier, a French Canadian timber man, known throughout the Northwest, hastened to Seattle from Eastern Washington Sunday to stop his own funeral.

About twenty members of the Seattle Lodge of Elks, of which he is a member, and two members of the concern employing him as an expert cruiser had positively identified as his body No. 83, one of the victims of the Wellington avalanche disaster.

The local Elks took charge of the funeral and were beginning the usual impressive burial service when Benier appeared at 1 o'clock, the hour for the exercises.

Those who had identified the body of Benier stood aghast when they saw the man appear in flesh. Benier asked to be shown the body and when he observed a card bearing his name attached to it, he removed the tag and the undertaker substituted No. 83 for the name. It was an embarrassing situation for all concerned, and Benier, after expressing his appreciation of the disposition of his

brother lodge members to so honor him, quickly retired.

A CENTURY AND FIVE.

Berthold Taub Lived to Smash Many Popular Theories.

New York, March 24.—When Berthold Taub died on Thursday at 105 years he shattered many pet theories.

The allotted time of man is supposed to be three score years and ten. After that we are told that "his strength is but labor and sorrow," but when one exceeds the century mark by five years and in all that period has never had an illness, has never required the attention of a doctor, has smoked incessantly, has found his appetite increase with age, has kept strong and jovial, has never needed glasses and finally "passed on" naturally and peacefully, observers are inclined to disagree with the old adage and to believe with Cicero that old age is really a delight.

Mr. Taub was born in Austria in 1805. His grandchildren and great-grandchildren here total sixty or more. Among them are many business and professional men.

\$7,000 FOR A HUSBAND.

Woman Recovers Damages as Result of Accidental Killing.

Bloomington, Ill., March 24.—The jury in the case of Foster-Shepherd brought in a verdict allowing Mrs. Ethel Foster \$7,000 damages. She sued Howard Shepherd, a merchant of Lovington, for \$20,000 for killing her husband, mistaking him for a burglar. The victim, Ralph Foster, was a young banker of Lovington, and on August 19 last, while going home and taking a short cut through an alley was shot through the back by Shepherd, who was up keeping a lookout for burglars. Foster died almost instantly.

Foster and Shepherd were intimate friends and neighbors, and shepherd betrayed great remorse over the fatal error. Friends of the dead man declared that the shooting under the circumstances was without justification, especially as Foster was walking away from Shepherd's house when the shots were fired. The trial was bitterly contested.

There is a charge of manslaughter yet to be tried, and which will come up at the next term of court.

A MILLIONAIRE TO SCHOOL.

Harvard's Richest and Oldest Student Is Daniel Waldo Field.

Boston, Mass., March 24.—Millionaire and president of seven corporations at the age of forty-five, Daniel Waldo Field of Brockton has gone back to school to make up the education he lost in youth.

Field is the richest student in his own right at Harvard and the oldest. He probably is the only Harvard student that has made his millions himself before going to college. He is studying as hard as the hardest working "grind" in the university. He is enrolled as a special student in the Harvard school of business.

Besides being a student and a millionaire, Mr. Field is a employer of labor on a very large scale. He is a shoe manufacturer in Brockton and employs four or five thousand hands. Besides that, he is married.

At the age of fifteen Mr. Field was compelled to leave school and enter a shoe shop as an apprentice. He learned the trade from the bottom up. Now he is head of many companies.

Monday, Wednesday and Friday afternoons Mr. Field goes to Cambridge

to attend the lectures.

"I am familiar with many of the principles expounded," said Mr. Field "but every day I learn something new."

WIFE FATALLY SHOOTS HUSBAND

MRS. ANDREW GILBERT KILLS HER HUSBAND ON DOORSTEP OF THEIR HOME.

Man Wanted Reconciliation—Tragedy Follows His Home Coming.

Oklahoma City, March 24.—Following a hand to hand scuffle in the kitchen of their home at 326 West Sixth street, Mrs. Agnes Gilbert, after throwing her crippled husband, Andrew Gilbert from the back porch, shot and killed him early Wednesday night.

Gilbert is a painter and paper-hanger and for many years has been paralyzed in his left leg, and owing to a weak constitution has been unable to attend to work with regularity. Six weeks ago he separated from his wife on account of constant bickering, and on Wednesday night, according to stories told by his friends, called at his home in the hope of effecting a reconciliation with Mrs. Gilbert.

Neighbors saw the man enter the kitchen where Mrs. Gilbert was busying herself over the wash tub. He closed the screen door and sat down on a bed. Soon voices were heard as if the pair was quarreling and Mrs. Gilbert was seen to throw her husband from the house and from the back porch into the yard.

The woman hurled a pair of shears after Gilbert and these struck him in the face. Gilbert raised himself to his feet and started to re-enter the house but no sooner had he set his foot on the steps of the porch than Mrs. Gilbert emerged from the kitchen with a revolver in her hand. She fired twice, point blank in quick succession, the first shot taking effect in the base of Gilbert's neck, severing his jugular vein and knocking

him down, while the second shot apparently went wild.

Going back into the house Mrs. Gilbert laid her pistol on a table and coolly returned and assisted Thomas Downey, a painter, who lived in the front part of the house and who was attracted to the scene by the shooting, to carry the dying man into the dwelling and place him on a bed.

Mrs. Gilbert made no effort to escape and conducted herself as if in a semi-stupor.

"I killed him, I killed him," she moaned as she bent over the prostrate body. "He drove me to it, he drove me to it."

When the police arrived a few minutes later Gilbert was almost dead. He was carried to the front porch and laid on a blanket. The fresh air revived him to some extent.

"She killed me," he gasped, as he propped himself on his hands, and looked up into the face of his wife, who was on her knees beside him. "I guess that I shouldn't have come here."

The man fell backward and after a few convulsive movements all was over. A large crowd had collected in the yard, attracted by the sound of the shooting and the sight of the speeding police buggy and pressed morbidly forward to watch the death throes of the dying man. Reed & Muller's ambulance arrived at this time, but before Gilbert was lifted into the stretcher he was dead. The ambulance took the body to the city dispensary and from there to the Reed & Muller undertaking parlors where it was viewed by Coroner Zwick, who announced his intention of holding an inquest on Thursday.

A SUFFRAGETTE MISTAKE.

One serious error seems to be the
fault of the equal rights movement in
all parts of this country and abroad
—it directs its activity toward at-
tacking men, instead of to winning
women.
Men are not opposed to votes for
women. Bless you no. Any time the
American woman really desires to
vote she will find no difficulty in se-
curing her desire.
The real work of suffragettes is
not to persuade men, but to per-
suade their own sex. Once they ac-
complish that, their task is practi-
cally ended, because anything like
a general demand for votes by Amer-
ican women will bring immediate ac-
quiescence from the lawmakers of
every state in the union.

NO TARIFF WAR.

Canada and the United States Will
Reach an Agreement.
Ottawa, Ont., March 24.—While no
official statement is available on the
tariff situation, the return of Minis-
ter Fielding from his conference with
President Taft has been followed by
a complete change of feeling here.
A member of the government said
after Mr. Fielding had made his re-
port to the Cabinet:
"Affairs have not reach a point
which will allow an announcement
but most favorable progress is being
made. I believe that Canada and
the United States will shortly be-
working under better mutual tariff
regulations than for many years and
I will be surprised and pleased when
the announcement is made. One thing
is certain, and that is there will be
no tariff war."

SEC'Y. CHAS. BARNETT
TO SENATOR GORE

Text of Resolution Accepting Land
Sent to Washington.

Guthrie, Ok., March 24.—Secretary
Barrett of the Department of Agri-
culture has forwarded to Senator
Gore copies of the concurrent reso-
lution passed during the special leg-
islative session, formally accepting
for the state 210,000 acres of land
believed to be due Oklahoma under
an old statute. The law, enacted in
the sixties, gave to each state upon
entering the union 30,000 acres of
land for each member of congress,
or in lieu thereof land warrants to
the value of \$1.25 per acre. It was
necessary for the state to officially
accept the grant, which was done
by resolution. The general land of-
fice in Washington, however, is not
inclined to view the additional grant
with favor. In his letter to Senator
Gore, Secretary Barrett says:
"We do not consider the attitude of
the general land office toward the
allowance of this claim as a hostile
one. They admit the justice and the
legality of the same by communica-
tions which you have kindly for-
warded to us, and their observations
that the state has already received
donations of public land are true, but
these lands were received in lieu
of other grants which would have
made a total of millions of dollars
in excess of the value of the lands
gained in lieu of them."

TO KILL MOTORISTS HER AIM.

A Bavarian Woman Will Avenge the
Death of Her Child.

Munich, Bavaria, March 24.—Motor-
ists here are in dread of a woman
who has written a letter to the head
of the police department declaring
that she has already caused the death
of five persons in a motor car in re-
venge for the killing of her child by
a reckless motor driver. The letter
of the woman, which is unsigned,
says in part:
"God has appointed me to destroy
every motorist and automobile until
special auto roads are built and all
danger to children and pedestrians is
removed.
"I killed Appollo Geiger, the Ar-
gentina Consul, and the four others
who were in his automobile last week
by felling a tree across the road.
"I am the avenger of three chil-
dren, including my own, who have
been killed by autos in Munich. I
had intended to commit suicide, but
God sent me a dream telling me I
must not die until I had fulfilled my
holy mission.
"These motorists seem to under-
stand nothing of the feelings of a
mother who has seen her child killed
by a murderous lupatic before her
very eyes. God has sent me to teach
them her feelings.
"I say my last word: Either build
special roads for autos or command
all motorists to slow down when
passing pedestrians and to stop
when another auto is passing. I shall
continue to destroy all these racing
vermin until my demand is carried
out. My child was all I had. I am
alone in the world now. I shall ful-
fill my mission."

WIFE AND FATHER FACE JURY.

Watseka, Ill., March 24.—After
eight days of delays, during which
some 242 talesmen were rejected, a
jury was completed today to try Dr.
William R. Miller, Mrs. Lucy Saylor
and John C. Crunden, charged with
the murder of banker John B. Saylor,
at Crescent City, July 11, 1909.

SAW THE HALLEY COMET.

Michigan Man Lives to See It a Sec-
ond Time.

Saginaw, Mich., March 24.—Seven-
ty-five years ago W. S. H. Walton,
now 90, watched from the hill top
in the outskirts of Owosso for the
Halley comet. With him were a num-
ber of friends and relatives. They
have passed away and Walton has not
seen the comet since.
But if Providence is kind Walton
will witness a similar phenomenon on
May 19. He now is organizing a party
to go to the same hill with him
and see the comet scheduled for that
date.
Walton is as well as when he saw
the first one. His eyesight is good
and he does not require glasses.

Have a Meeting.

Guthrie, Ok., March 24.—A con-
ference was held today between At-
torney General West and State Ex-
aminer and Inspector Taylor, and
while neither of the officials will dis-
cuss the meeting, it is understood
to have been in regard to the re-
fusal of State Bank Commissioner
Young to permit an examination of
affairs of the State Banking Board
which he holds.

CHINESE ATHLETES.

Two Young Chinamen at Yale Make
Good.

New Haven, Conn., March 21.—Man
Ying Chun of Honolulu is a promi-
sing candidate for the Yale freshman
baseball team. The Chinaman has
surprised the coaches with his abil-
ity to handle the bat. He has no
apparent difficulty in hitting the best
pitchers in the squad and his hits
are generally hot liners which look
like the work of an expert.
Daniel M. Chung is another athletic
candidate at Yale. He is one of the
best cowboys on the freshman
crew. His father, a member of the
Chinese legation at Washington, was
in the class of '88 at Yale.

years old and works in a coal mine.

ANOTHER WONDER OF SCIENCE.

Biology has Proved that Dandruff is
Caused by a Germ.

Science is doing wonders these days in
medicine as well as in mechanics. Since
Adam lived, the human race has been
troubled with dandruff, for which no hair
preparation has heretofore proved a suc-
cessful cure until Newbro's Herpicide was
put on the market. It is a scientific pre-
paration that kills the germ that makes
dandruff or scurf by digging into the
scalp to get at the root of the hair, where
it saps the vitality, causing itching scalp,
falling hair, and finally baldness. With-
out dandruff hair must grow luxuriantly.
It is the only destroyer of dandruff.

Democratic Leader of the House
Calls Massachusetts Result Most
Important Since 1892.

Washington, March 24.—Discussing
the Massachusetts congressional elec-
tion yesterday, in which Foss, a dem-
ocrat, was elected to succeed the late
Representative Lovering, republican,
Champ Clark, democratic leader of
the house, said today:
"The news from Massachusetts is
most pleasing, and is the most im-
portant political news that has come
over the wires since 1892. Taken in
connection with the election in the
old district of De Armond, in Mis-
souri, it demonstrates the same
causes working to the same effect
all over the United States. It shows
dissatisfaction with republican pol-
icies, a republican congress, and,
most of all, with the Payne-Aldrich
tariff law."

Representative Palmer in Eruption.

Washington, March 24.—Referring
to President Taft as a "Rathless Pliant
Executive" and characterizing former
President Roosevelt as the "Great-
est insurgent of them all, who taught
insurgency how to insurg," Repre-
sentative Palmer, Democrat, of Penn-
sylvania, attacked the administration
from the floor of the house today.

Lucy Davis Hays Sponsor.

Mobile, Ala., March 24.—Commend-
er-in-Chief Evans has named Mrs.
Lucy Davis Hays sponsor-in-chief
for the United Confederate Veterans'
reunion to be held here in April.
Miss Hays is the second daugh-
ter of the late Mrs. Hays, daughter
of the only President of the Confed-
eracy, Jefferson Davis.

Cause of Eczema Explained.

"After years of debate medical au-
thorities are now agreed that Eczema
and other skin diseases are not seated
in the blood, but are caused by
myriads of microscopic animals
gnawing the flesh just below the
epidermis. The patient is perfectly
healthy, it is only the skin that is
diseased.
Hence, scientists are now agreed
that you must cure the skin through
the skin. The medicine must be in
liquid form in order to penetrate
properly. And we can say with con-
fidence that we have the true rem-
edy for Eczema in our store.
The instant you wash with this
soothing liquid you will find the itch
relieved. We positively assure you
of this. Will you try a bottle (at
only 25c) on our recommendation?

CHEROKEES TO GET FOUR MILLION CASH

NATION LEADER IN BRILLIANT ATTORNEY, W. W. HASTINGS SECURES FOR HIS TRIBESMEN \$133 PER CAPITA.

Checks Being Drawn in Washington; A God Send to Full-Bloods of this Splendid Race.

Muskogee Okla. March 24—W. W. Hastings national attorney for the Cherokee nation has issued a statement concerning the payment of over four million dollars to the eastern Cherokees which contains the following information:

There will be a total of \$4,100,000 to be disbursed. I will be paid to 39,827 Cherokees taking a per capita of \$133 which is the largest payment the Cherokee people have received from main years. The payment will begin the early part of May. It will be made by Guston Miller the special agent who has traveled over fifteen times gathering data to perfect the roll. It took over a three years to make the roll and there are all Cherokees entitled to the payment living in all of the fifteen states which Miller visited. The checks are now being written in the treasury department at Washington. The names of the Indians who get the checks being taken from the Miller roll. These checks will be brought to Oklahoma from Muskogee field parties will be sent out to various towns in the Cherokee nation where payments will be made to all the Indians who apply and live on the roll. This work will be directed from Muskogee and the itineraries of the disbursing party will be made here. All adult Indians must call for their checks in person at some of the pay towns or else call for them at Muskogee after the paying party has returned. The head of a family the parent or natural guardian will be allowed to draw the checks for minor children.

The distribution of over four million dollars in the Cherokee nation this spring will be a God send to the Indians and it will stimulate business all over the nation especially in those sections where the Indians live. The average family of five persons will draw a total of \$665 in cash and this will be more money than a majority of the full blood families ever saw.

This money is the payment of a promise of the government made in 1836 to those Indians who moved from Georgia to what was then Indian Territory. The government agreed to pay the expenses of moving them.

THEY ARE "THE PARTY." The Sioux City (Iowa) Journal (rep) says. The insurgent Washington correspondents tell us that the president has finally lined up with Aldrich and Cannon. That is misleading. He has simply stayed lined up with the party majority—with the party organization that has all along accepted his leadership and defended the record of the party. The only recent change in the situation is the disclosure that the insurgents—or some of them—have definitely decided not to co-operate with the party majority in securing the adoption of a single item of the administration program. Will the Taft leadership mean opposition to the insurgents? It will—invariably—not because Taft so will it or the organization so will it but because the insurgents so will it.

The Sioux City Journal knows whereof it speaks. Mr. Taft is simply staying with the party when he lines up with Aldrich and Cannon. Aldrichism Cannonism or Taftism is

republican partyism. Those republicans who are in earnest and are anxious to accomplish something for popular government will do well to recognize the synonymism. Taftism. They will do well to understand that they are engaged in child's play when they denounce Aldrichism and Cannonism while professing undying devotion to Taftism.

INTERRUPTS HIS OWN FUNERAL.

Avalanche Victim, Identified by Lodge Brethren, Appears in Flesh.

Seattle, Wash., March 24—Joseph Benier, a French Canadian timber man, known throughout the Northwest, hastened to Seattle from Eastern Washington Sunday to stop his own funeral.

About twenty members of the Seattle Lodge of Elks, of which he is a member and two members of the council, employing him as an expert cruiser had positively identified as his body No. 33 one of the victims of the Wellington avalanche disaster.

The local Elks took charge of the funeral and were beginning the usual impressive burial service when Benier appeared at 1 o'clock the hour for the exercises.

Those who had identified the body of Benier stood aghast when they saw the man appear in flesh. Benier asked to be shown the body and when he observed a card bearing his name attached to it he removed the tag and the undertaker substituted No. 83 for the name. It was an embarrassing situation for all concerned, and Benier after expressing his appreciation of the disposition of his

brother lodge members to so honor him, quickly retired.

A CENTURY AND FIVE.

Berthold Taub Lived to Smash Many Popular Theories.

New York, March 24—When Berthold Taub died on Thursday at 105 years he shattered many pet theories. The allotted time of man is supposed to be three score years and ten. After that we are told that his strength is but labor and sorrow but when one exceeds the century mark by five years and in all that period has never had an illness has never required the attention of a doctor, has smoked incessantly has found his appetite increase with age has kept strong and jovial, has never needed glasses and finally passed on naturally and peacefully, observers are inclined to disagree with the old adage and to believe with Cicero that old age is really a delight.

Mr. Taub was born in Austria in 1805. His grandchildren and great grandchildren here total sixty or more. Among them are many business and professional men.

\$7,000 FOR A HUSBAND.

Woman Recovers Damages as Result of Accidental Killing.

Bloomington, Ill., March 24—The jury in the case of Foster-Shepherd brought in a verdict allowing Mrs. Ethel Foster \$7,000 damages. She sued Howard Shepherd, a merchant of Lovington, for \$20,000 for killing her husband, mistaking him for a burglar. The victim, Ralph Foster, was a young banker of Lovington, and on August 19 last while going home and taking a short cut through an alley was shot through the back by Shepherd, who was up keeping a lookout for burglars. Foster died almost instantly.

Foster and Shepherd were intimate friends and neighbors and shepherd betrayed great remorse over the fatal error. Friends of the dead man declared that the shooting under the circumstances was without justification, especially as Foster was walking away from Shepherd's house when the shots were fired. The trial was bitterly contested.

There is a charge of manslaughter yet to be tried and which will come up at the next term of court.

A MILLIONAIRE TO SCHOOL.

Harvard's Richest and Oldest Student Is Daniel Waldo Field.

Boston, Mass., March 24—Millionaire and president of seven corporations at the age of forty-five Daniel Waldo Field of Brockton has gone back to school to make up the education he lost in youth.

Field is the richest student in his own right at Harvard and the oldest. He probably is the only Harvard student that has made his millions himself before going to college. He is studying as hard as the hardest working grind in the university. He is enrolled as a special student in the Harvard school of business.

Besides being a student and a millionaire Mr. Field is a employer of labor on a very large scale. He is a shoe manufacturer in Brockton and employs four or five thousand hands. Besides that he is married.

At the age of fifteen Mr. Field was compelled to leave school and enter a shoe shop as an apprentice. He learned the trade from the bottom up. Now he is head of many companies.

Monday, Wednesday and Friday afternoons Mr. Field goes to Cambridge

to attend the lectures. "I am familiar with many of the principles expounded," said Mr. Field "but every day I learn something new."

WIFE FATALLY SHOTS HUSBAND

MRS. ANDREW GILBERT KILLS
HER HUSBAND ON DORRSTEP
OF THEIR HOME.

Man Wanted Reconciliation—Tragedy
Follows His Home
Coming.

Oklahoma City, March 24.—Following a hand to hand scuffle in the kitchen of their home at 326 West Sixth street, Mrs. Agnes Gilbert, after throwing her crippled husband, Andrew Gilbert from the back porch, shot and killed him early Wednesday night.

Gilbert is a painter and paper-hanger and for many years has been paralyzed in his left leg, and owing to a weak constitution has been unable to attend to work with regularity. Six weeks ago he separated from his wife on account of constant bickerings, and on Wednesday night, according to stories told by his friends, called at his home in the hope of effecting a reconciliation with Mrs. Gilbert.

Neighbors saw the man enter the kitchen where Mrs. Gilbert was busying herself over the wash tub. He closed the screen door and sat down on a bed. Soon voices were heard as if the pair was quarrelling and Mrs. Gilbert was seen to throw her husband from the house and from the back porch into the yard.

The woman hurled a pair of shears after Gilbert and these struck him in the face. Gilbert raised himself to his feet and started to re-enter the house but no sooner had he set his foot on the steps of the porch than Mrs. Gilbert emerged from the kitchen with a revolver in her hand. She fired twice, point blank in quick succession, the first shot taking effect in the base of Gilbert's neck, severing his jugular vein and knocking

him down, while the second shot apparently went wild.

Going back into the house Mrs. Gilbert laid her pistol on a table and coolly returned and assisted Thomas Downey, a painter, who lived in the front part of the house and who was attracted to the scene by the shooting, to carry the dying man into the dwelling and place him on a bed.

Mrs. Gilbert made no effort to escape and conducted herself as if in a semi-stupor.

"I killed him, I killed him," she moaned as she bent over the prostrate body. "He drove me to it, he drove me to it."

When the police arrived a few minutes later Gilbert was almost dead. He was carried to the front porch and laid on a blanket. The fresh air revived him to some extent.

"She killed me," he gasped, as he propped himself on his hands, and looked up into the face of his wife, who was on her knees beside him. "I guess that I shouldn't have come here."

The man fell backward and after a few convulsive movements all was over. A large crowd had collected in the yard, attracted by the sound of the shooting and the sight of the speeding police buggy and pressed morbidly forward to watch the death throes of the dying man. Reed & Mullers' ambulance arrived at this time, but before Gilbert was lifted into the stretcher he was dead. The ambulance took the body to the city dispensary and from there to the Reed & Muller undertaking parlors where it was viewed by Coroner Zwick, who announced his intention of holding an inquest on Thursday.

A SUFFRAGETTE MISTAKE.
One serious error seems to be the
fault of the equal rights movement in
all parts of this country and abroad
—it directs its activity toward at-
tacking men, instead of to winning
women.

Men are not opposed to votes for
women. Bless you no. Any time the
American woman really desires to
vote she will find no difficulty in se-
curing her desire.
The real work of suffragettes is
not to persuade men, but to per-
suade their own sex. Once they ac-
complish that, their task is practi-
cally ended, because anything like
a general demand for votes by Amer-
ican women will bring immediate ac-
quiescence from the lawmakers of
every state in the union.

NO TARIFF WAR.

Canada and the United States Will
Reach an Agreement.
Ottawa, Ont., March 24.—While no
official statement is available on the
tariff situation, the return of Minis-
ter Fielding from his conference with
President Taft has been followed by
a complete change of feeling here.
A member of the government said
after Mr. Fielding had made his re-
port to the Cabinet:
"Affairs have not reach a point
which will allow an announcement
but most favorable progress is being
made. I believe that Canada and
the United States will shortly be
working under better mutual tariff
regulations than for many years and
I will be surprised and pleased when
the announcement is made. One thing
is certain, and that is there will be
no tariff war."

SECY. CHAS. BARNETT
TO SENATOR GORE

Text of Resolution Accepting Land
Sent to Washington.

Guthrie, Ok., March 24.—Secretary
Barrett of the Department of Agri-
culture has forwarded to Senator
Gore copies of the concurrent reso-
lution passed during the special leg-
islative session, formally accepting
for the state 210,000 acres of land
believed to be due Oklahoma under
an old statute. The law, enacted in
the sixties, gave to each state upon
entering the union 30,000 acres of
land for each member of congress,
or in lieu thereof land warrants to
the value of \$1.25 per acre. It was
necessary for the state to officially
accept the grant, which was done
by resolution. The general land of-
fice in Washington, however, is not
inclined to view the additional grant
with favor. In his letter to Senator
Gore, Secretary Barrett says:
"We do not consider the attitude of
the general land office toward the
allowance of this claim as a hostile
one. They admit the justice and the
legality of the same by communica-
tions which you have kindly for-
warded to us, and their observations
that the state has already received
donations of public land are true, but
these lands were received in lieu of
other grants which would have
made a total of millions of dollars
in excess of the value of the lands
granted in lieu of them."

TO KILL MOTORISTS HER AIM.
A Bavarian Woman Will Avenge the
Death of Her Child.

Munich, Bavaria, March 24.—Mot-
orists here are in dread of a woman
who has written a letter to the head
of the police department declaring
that she has already caused the death
of five persons in a motor car in re-
venge for the killing of her child by
a reckless motor driver. The letter
of the woman, which is unsigned,
says in part:
"God has appointed me to destroy
every motorist and automobile until
special auto roads are built and all
danger to children and pedestrians is
removed.
"I killed Appollo Geiger, the Ar-
gentina Consul, and the four others
who were in his automobile last week
by telling a tree across the road.
"I am the avenger of three chil-
dren, including my own, who have
been killed by autos in Munich. I
had intended to commit suicide, but
God sent me a dream telling me I
must not die until I had fulfilled my
holy mission.
"These motorists seem to under-
stand nothing of the feelings of a
mother who has seen her child killed
by a murderous luggie before her
very eyes. God has sent me to teach
them her feelings.
"I say my last word: Either build
special roads for autos or command
all motorists to slow down when
passing pedestrians and to stop
when another auto is passing. I shall
continue to destroy all these racing
vermin until my demand is carried
out. My child was all I had. I am
alone in the world now. I shall ful-
fill my mission."
Consul Geiger's motor car was
speeding on a road in the valley of
the Isar last Saturday night. The car
crashed into a tree that had been
telled deliberatel across the road and
he and his four friends were killed.

WIFE AND FATHER FACE JURY.

Watska, Ill., March 24.—After
eight days of delays, during which
some 242 talesmen were rejected, a
jury was completed today to try Dr.
William R. Miller, Mrs. Lucy Saylor
and John C. Crunden, charged with
the murder of banker John B. Saylor,
at Crescent City, July 11, 1909.
State's Attorney John P. Pallissard
opened for the prosecution, told the
story of the killing and asked the
death penalty for the defendants. The
presentation of evidence was then
begun. It will probably be two weeks
before a verdict is reached. Crun-
den is an Oklahoma City man, and
father of Mrs. Saylor.

SAW THE HALLEY COMET.

Michigan Man Lives to See It a Sec-
ond Time.
Saginaw, Mich., March 24.—Seven-
ty-five years ago W. S. H. Welton,
now 90, watched from the hill top
in the outskirts of Owosso for the
Halley comet. With him were a num-
ber of friends and relatives. They
have passed away and Welton has not
seen the comet since.
But if Providence is kind Welton
will witness a similar phenomenon on
May 19. He now is organizing a party
to go to the same hill with him
and see the comet scheduled for that
date.
Welton is as well as when he saw
the first one. His eyesight is good
and he does not require glasses.

HASKELL CARBUNKLES WEST
AND TAYLOR CONFERENCE

Attorney General and State Examiner
Have a Meeting.

Guthrie, Ok., March 24.—A con-
ference was held today between At-
torney General West and State Ex-
aminer and Inspector Taylor, and
while neither of the officials will dis-
cuss the meeting, it is understood
to have been in regard to the re-
fusal of State Bank Commissioner
Young to permit an examination of
affairs of the State Banking Board
which he holds.
The commissioner's refusal is based
upon an opinion rendered by W.
A. Ledbetter of Oklahoma City, attor-
ney for the state banking board, to
the effect that the records were not
the property of the state, but of the
banks contributing to the state guar-
anty fund. It has been Examiner
Taylor's desire in connection with
the affairs of the state banking board
to examine matters attending liqui-
dation of the late Columbia Bank and
Trust Company.
It is also understood that a letter
had been sent to Gov. Haskell for a
statement whether investigation of
the Banking board will be permitted
as the state examiner desires or not.

CHINESE ATHLETES.

Two Young Chinamen at Yale Make
Good.

New Haven, Conn., March 24.—Mun
Ying Chon of Honolulu is a promis-
ing candidate for the Yale freshman
baseball team. The Chinaman has
surprised the coaches with his ability
to handle the bat. He has no ap-
parent difficulty in hitting the best
pitchers in the squad and his hits
are generally hot liners which look
like the work of an expert.
Daniel M. Chung is another athletic
candidate at Yale. He is one of the
best coxswains on the freshman
crew. His father, a member of the
Chinese legation at Washington, was
in the class of '88 at Yale.

SIXTEEN SOX IN THE WAR.

Mrs. Sarah Brandon, Aged 109, is En-
titled to the Record.

Moundsville, W. Va., March 24.—
Mrs. Sarah Brandon, aged 109, of this
city holds the United States record
as the mother of the largest number
of Civil War soldiers.
No less than sixteen of her boys
served in the battles of that war
fourteen on the Union side and two
with the Confederates, while her
total family was twenty-three.
Her twenty-three children are also
the parents of large families. The
oldest, Hiram, is 89 years old, while
the youngest, Evan Brandon, is 73
years old and works in a coal mine.

ANOTHER WONDER OF SCIENCE.

Biology has Proved that Dandruff is
Caused by a Germ.
Science is doing wonders these days in
medicine as well as in mechanics. Since
Adam lived, the human race has been
troubled with dandruff, for which no hair
preparation has heretofore proved a suc-
cessful cure until Newbro's Herpicide was
put on the market. It is a scientific pre-
paration that kills the germ that makes
dandruff or scurf by digging into the
scalp to get at the root of the hair, where
it saps the vitality, causing itching scalp,
falling hair, and finally baldness. With-
out dandruff hair must grow luxuriantly.
It is the only destroyer of dandruff.

VICTORY OMNIOUS
SAYS CHAMP CLARK

Democratic Leader of the House
Calls Massachusetts Result Most
Important Since 1892.

Washington, March 24.—Discussing
the Massachusetts congressional elec-
tion yesterday, in which Foss, a dem-
ocrat, was elected to succeed the late
Representative Lovering, republican,
Champ Clark, democratic leader of
the house, said today:
"The news from Massachusetts is
most pleasing, and is the most im-
portant political news that has come
over the wires since 1892. Taken in
connection with the election in the
old district of De Armond, in Mis-
souri, it demonstrates the same
causes working to the same effect
all over the United States. It shows
dissatisfaction with republican pol-
itics, a republican congress, and,
most of all, with the Payne-Aldrich
tariff law."
Republicans generally maintained
the same attitude announced last
night, that the Massachusetts election
is of no importance.

Representative Palmer in Eruption.

Washington, March 24.—Referring
to President Taft as a "Rather Pliant
Executive" and characterizing former
President Roosevelt as the "Great-
est insurgent of them all, who taught
insurgency how to insure," Repre-
sentative Palmer, Democrat, of Penn-
sylvania, attacked the administration
from the floor of the house today.

Lucy Davis Hays Sponsor.

Mobile, Ala., March 24.—Commad-
or-in-Chief Evans has named Miss
Lucy Davis Hayes sponsor-in-chief
for the United Confederate Veterans'
reunion to be held here in April.
Miss Hayes is the second daugh-
ter of the late Mrs. Hayes, daughter
of the only President of the Confed-
eracy, Jefferson Davis.

Cause of Eczema Explained.

After years of debate medical au-
thorities are now agreed that Eczema
and other skin diseases are not seat-
ed in the blood, but are caused by
myriads of microscopic animals
gnawing the flesh just below the
epidermis. The patient is perfectly
healthy. It is only the skin that is
diseased.
Hence, scientists are now agreed
that you must cure the skin through
the skin. The medicine must be in
liquid form in order to penetrate
properly. And we can say with con-
fidence that we have the true rem-
edy for Eczema in our store.
The instant you wash with this
soothing liquid you will find the itch
relieved. We positively assure you
of this. Will you try a bottle (at
only 25c) on our recommendation?

These names are well known to the amusement loving public and stand for the best in comedy and drama. Talking pictures are the fad everywhere now and this company was the original and are the leaders in the line. Their work bears the distinguished endorsement of the great wizard Thos. A. Edison of the Motion Pictures Patents Co. They carry a complete line of sound effects curtains and every detail to secure realism and every subject talked is clean censored and the most exacting need not fear coarseness or vulgarity. CHEROKEES TO GET FOUR MILLION CASH

NATION LEADER IN BRILLIANT ATTORNEY, W. W. HASTINGS SECURES FOR HIS TRIBES—\$183 PER CAPITA.

Checks Being Drawn in Washington; A God Send to Full-Bloods of this Splendid Race.

Muskogee Okla. March 24—W. W. Hastings national attorney for the Cherokee nation has issued a statement concerning the payment of over four million dollars to the eastern Cherokees which contains the following information:

There will be a total of \$4,100,000 to be disbursed. I will be paid to 30,827 Cherokees, each a per capita of \$133 which is the largest payment the Cherokee people have received from the government. The payment will begin the early part of May. It will be made by Galton Miller the special agent who has traveled over fifteen states gathering data to perfect the roll. It took over a three years to make the roll and there are Cherokees entitled to the payment living in all of the fifteen states which Miller visited. The checks are now being written in the treasury department at Washington. The names of the Indians who get the checks being taken from the Miller roll. These checks will be brought to Oklahoma from Muskogee field parties will be sent out to various towns in the Cherokee nation where payments will be made to all the Indians who apply and are on the roll. This work will be directed from Muskogee and the disbursement of the disbursing party will be made by. All admit Indians must call for their checks in person at some of the pay towns or else call for them at Muskogee after the paying party has returned. The head of a family the parent or natural guardian will be allowed to draw the checks for minor or children.

The disbursement of over four million dollars in the Cherokee nation this spring will be a God send to the Indians and it will stimulate business all over the nation especially in those sections where the Indians live. The average family of five persons will draw a total of \$665 in cash and this will be more money than a majority of the full blood families ever saw.

This money is the payment of a promise of the government made in 1836 to those Indians who moved from Georgia to what was then Indian Territory. The government agreed to pay the expenses of moving them.

Do You Need Money.

THEY ARE "THE PARTY." The Sioux City (Iowa)—Journal (rep.) says. The insurgent Washington correspondents tell us that the president has finally lined up with Aldrich and Cannon. That is his leading. He has simply stayed lined up with the party majority—with the party organization that has all along accepted his leadership and defended the record of the party. The only recent change in the situation is the disclosure that the insurgents—or some of them—have definitely decided not to co-operate with the party majority in securing the adoption of a single item of the administration program. Will the Taft leadership mean opposition to the insurgents? It will—inevitably—not because Taft so will it or the organization so will it but because the insurgents so will it.

The Sioux City Journal knows whereof it speaks. Mr. Taft is simply staying with the party when he lines up with Aldrich and Cannon. Aldrichism, Cannonism or Taftism is

republican partyism. Those republicans who are in earnest and are anxious to accomplish something for popular government will do well to recognize the synonymism. They will do well to understand that they are engaged in child's play when they denounce Aldrichism and Cannonism while professing undying devotion to Taftism.

INTERUPTED HIS OWN FUNERAL.

Avalanche Victim, Identified by Lodge Brethren, Appears in Flesh.

Seattle, Wash., March 24.—Joseph Benier, a French Canadian timber man, known throughout the Northwest, hastened to Seattle from Eastern Washington Sunday to stop his own funeral.

About twenty members of the Seattle Lodge of Elks, of which he is a member and two members of the concern employing him as an expert cruiser had positively identified as his body No. 33 one of the victims of the Wellington avalanche disaster.

The local Elks took charge of the funeral and were beginning the usual impressive burial service when Benier appeared at 1 o'clock the hour for the exercises.

Those who had identified the body of Benier stood aghast when they saw the man appear in flesh. Benier asked to be shown the body and when he observed a card bearing his name attached to it he removed the tag and the undertaker substituted No. 83 for the name. It was an embarrassing situation for all concerned, and Benier after expressing his appreciation of the disposition of his

brother lodge members to so honor him, quickly retired.

A CENTURY AND FIVE.

Berthold Taub Lived to Smash Many Popular Theories.

New York, March 24.—When Berthold Taub died on Thursday at 105 years he shattered many pet theories. The allotted time of man is supposed to be three score years and ten. After that we are told that his strength is but labor and sorrow but when one exceeds the century mark by five years and in all that period has never had an illness has never required the attention of a doctor, has smoked incessantly has found his appetite increase with age has kept strong and jovial, has never needed glasses and finally passed on naturally and peacefully, observers are inclined to disagree with the old adage and to believe with Cicero that old age is really a delight.

Mr. Taub was born in Austria in 1805. His grandchildren and great grandchildren here total sixty or more. Among them are many business and professional men.

\$7,000 FOR A HUSBAND.

Woman Recovers Damages as Result of Accidental Killing.

Bloomington, Ill., March 24.—The jury in the case of Foster-Shepherd brought in a verdict allowing Mrs. Ethel Foster \$7,000 damages. She sued Howard Shepherd, a merchant of Lovington, for \$20,000 for killing her husband, mistaking him for a burglar. The victim, Ralph Foster, was a young banker of Lovington, and on August 19 last while going home and taking a short cut through an alley was shot through the back by Shepherd, who was up keeping a lookout for burglars. Foster died almost instantly.

Foster and Shepherd were intimate friends and neighbors and Shepherd betrayed great remorse over the fatal error. Friends of the dead man declared that the shooting under the circumstances was without justification, especially as Foster was walking away from Shepherd's house when the shots were fired. The trial was bitterly contested.

There is a charge of manslaughter yet to be tried and which will come up at the next term of court.

A MILLIONAIRE TO SCHOOL.

Harvard's Richest and Oldest Student Is Daniel Waldo Field.

Boston, Mass., March 24.—Millionaire and president of seven corporations at the age of forty-five Daniel Waldo Field of Brockton has gone back to school to make up the education he lost in youth.

Field is the richest student in his own right at Harvard and the oldest. He probably is the only Harvard student that has made his millions himself before going to college. He is studying as hard as the hardest working grind in the university. He is enrolled as a special student in the Harvard school of business.

Besides being a student and a millionaire Mr. Field is a employer of labor on a very large scale. He is a shoe manufacturer in Brockton and employs four or five thousand hands. Besides that he is married.

At the age of fifteen Mr. Field was compelled to leave school and enter a shoe shop as an apprentice. He learned the trade from the bottom up. Now he is head of many companies.

Monday, Wednesday and Friday after noons Mr. Field goes to Cambridge

to attend the lectures. "I am familiar with many of the principles expounded," said Mr. Field "but every day I learn something new."

TO FORFEIT LICENSE.

Suit Filed Against Saloon Man Who Violated Sunday Law.

San Antonio, Tex., March 24.—The first suit for forfeiture of license on account of violation of the Robertson-Fitzhugh liquor law was filed in the District Court today by County Attorney Tom J. Newton against Elias Hernandez. The latter is charged with keeping his saloon open after midnight Saturday March 12.

MAN HIGHER UP.

Pittsburg, March 24.—When court opened today in the graft investigation the court house presented a

scene of animation seldom rivalled in the history of Pittsburg. Rumors are current today that Mr. Higher Up will be given an opportunity "to come in out of the rain" before another twenty-four hours rolled around.
